

## Makarios Appeals To Greece For Action at U.N.

Archbishop Makarios, leader of the Cyprus movement for union with Greece, yesterday again urged Greece to appeal to the United Nations to secure self-determination for the British colony.

The Archbishop, who arrived in Athens unexpectedly on Monday from Nicosia, said in a statement after talks yesterday with the Greek Foreign Minister, Stephan Stephanopoulos, that such an appeal should be made simultaneously with the planned London conference between Britain, Greece and Turkey.

In Nicosia, Army explosives experts removed a time bomb from the chimney of the Land Registry Office just before it was due to go off.

Officials said that if the bomb which weighed eight kilograms had exploded, it would have caused "unfathomable damage" in the Registry Office which is a Government department adjoining the Commissioner's office.

In Famagusta, police and British troops hunted for three masked men who fired seven pistol shots at a police sergeant outside his bungalow.

Three of the bullets hit the C.I.D. man and an emergency operation was performed to save his life. The sergeant was shot near a military check post in Famagusta's deserted streets.

Mr. Alan Lennox Boyd, British Colonial Secretary, arrived in London by air yesterday after a week-end of talks with local leaders in Cyprus. He attended a Cabinet meeting soon after his arrival.

## Large Emigration From Ethiopia to Israel Seen

NEW YORK, Tuesday (INA). Immigration to Israel of Falasha Jews from Ethiopia will begin on a large scale soon, the "American Israelite," organ of the Union of Ethiopian Hebrews, reported in its first issue published here today. There are 80,000 Falashas in Ethiopia.

It also reported that a directory of Falasha congregations and rabbis would soon be published and a census of Negro Americans Jewry would soon be taken. It gives an account of the stand taken by the Ethiopian Jewish Community in Harlem, New York, against the anti-Semitic, pro-Arab groups there.

## Testing of Salk Vaccine Said Inadequate

NEW YORK, Tuesday (Reuter). Charges that inadequate testing of anti-polio vaccine in the U.S. was responsible for the recent outbreak of the disease among inoculated children were made yesterday by Mr. Roscoe B. Ford, Director of Institute of Medicine of the National Foundation for Infantile Paralysis.

"From the start, the responsible Government agency did not maintain close enough supervision over every step in the manufacturing and testing process," he said in an article in "Look" magazine.

Though the Salk vaccine was good and "a safe one," a loophole existed in the original testing requirements which included tests for the presence of live virus at different steps of manufacture, but none in the bottling phase, Mr. Ford said.

## Australia's Envoy Presents Letters

The new Australian Minister, Mr. Bertram Charles Ballard, yesterday presented his letters of credence to President Ben-Zvi at Beit Haneset in Jerusalem.

Mr. Ballard said that the individual friendships made in this country by so many Australians in time of war were cherished by them as happy and living memories, which he had been assured, found their parallel in many homes in Israel.

A pioneering spirit animated both nations. Problems of economic development, particularly conservation projects, loomed large in the social thinking of both. The Minister stated that he could not omit reference to "the profound religious feeling evoked in Australians at many faiths by the mention of the name of Israel."

He said it was a pleasure to recall Australia's close association with the international events leading to the establishment of the State of Israel, and the common outlook on so many world problems which had been displayed by the two countries in international councils.

Welcoming the new Minister, President Ben-Zvi assured him that the ties of friendship and cooperation between the two nations were strong and growing.

## U.S. and Israel Sign Atom Agreement

WASHINGTON, Tuesday (UP). The State Department announced today that the U.S. and Israel had signed an agreement to provide Israel with an atomic reactor for peaceful purposes which was initiated early in June.

The signing with Israel was the second atomic contract to be entirely completed, out of the 28 agreements initiated by the U.S. to date. The only one signed earlier was an agreement with Turkey two days ago.

The Israeli Ambassador, Mr. Abba Eban, signed for his Government, while Mr. George Allen, Assistant Secretary of State, signed for the U.S.

## IRAQI ARMY GROUP TOURING JORDAN

An Iraqi military mission of eight staff officers, headed by Col. Wafiq Abdul Wahab, arrived in Amman yesterday at the invitation of the Arab Legion for a tour of military camps and installations, according to the Arab News Agency last night.

The delegation will remain in Jordan until July 21.

## Histadrut, Doctors Meet But Talks 'Inconclusive'

JERUSALEM, Tuesday (Reuter). The demands of Kupat Holim doctors were discussed here tonight at a meeting between their representatives and the Secretary General of the Histadrut, Mr. Mordechai Namir, M.K. and Mr. A. Becker, head of its Trade Union Department. Members of the Kupat Holim Board were also present.

The meeting proved inconclusive and there is to be another meeting tomorrow.

Mr. Becker yesterday met members of the coordinating committee of the Civil Service Union and urged them to act within the Histadrut framework. According to a communiqué issued after the meeting, members of the committee "showed understanding" of the attitude adopted by the Histadrut in the current dispute between the administrative and academic civil servants and the Government.

## NO REPLY RECEIVED

The Ministry of Health has not yet received any reply to its advertisement in the press for doctors to work on a temporary basis in hospitals affected by the current go-slow strike of Government-employed physicians, the spokesman of the Ministry told The Jerusalem Post last night. He did not know whether applications had been received by the hospitals.

The Israel Medical Association spokesman declared yesterday that the Government had broken off negotiations with ending the strike were now taking place. The Association also categorically rejected the Health Minister's claim that the employment of doctors on a temporary basis was "not blacklegging."

Our Haila Bureau reports that two major hospitals in that town have begun to curtail their services as the effect of the strike is making itself increasingly felt. In the Rothschild Hospital, the surgical department has stopped accepting new patients. Only the most urgent cases, where life is in danger, are admitted.

The department for women's diseases is also being closed, and only the maternity ward will be maintained, and that on a limited scale. The children's department is being reduced to 50 beds, about half its capacity. A minimum service is maintained because of the seasonal increase in children's diseases.

At the Ramat Hashikma Hospital, one of the two departments for internal diseases is being closed, and the two surgical departments have been combined into one on a reduced scale. The Hospital staff position is becoming critical as a result of the strike.

In the Eye Department of the Government Donolo Hospital in Jaffa yesterday, 10 of the 30 beds were vacated, as a result of the strike. The hospital had been forced to transfer an eye specialist to the surgical ward, leaving the Eye Department with only two physicians.

## AFTER MIDNIGHT

The newly-appointed French Resident-General in Morocco has dismissed some high-ranking civil servants as the first move in his administrative reform program.

## \$30m. Loan From Bank of America

Israel is to receive a \$30m. loan from the Bank of America, the Ministry of Finance spokesman said yesterday. This is the largest loan Israel has been granted by any commercial bank in the U.S.

The loan is to be repaid in two years at four per cent interest; the commission is one-half of one per cent.

The spokesman added that the money will be used to improve the financing of the country's imports, and to create better purchase conditions as regards price, time and quantity.

Negotiations for the loan were conducted by Mr. F. S. Seale, Director-General of the Ministry.

## Syrians Attack Twice in Day

A Syrian position opened fire on members of Hagvrim settlement, south of Lake Hula, working in their fields on Monday afternoon, the Army spokesman said. The Syrians fired two rounds of small arms fire, the exchange lasting for 30 minutes. There were no casualties among the Hagvrim, nor among the Syrian soldiers.

During the night, a jeep travelling near Hula was fired on from Syrian territory. A police patrol went to the scene and returned the fire, the exchange lasting for 30 minutes. There were no casualties among the Hagvrim, nor among the Syrian soldiers.

Members of Mithchim settlement in the Negev, opened fire on a large group of infiltrators who entered the farm's perimeter to steal almonds last Wednesday.

The marauders fled, abandoning a donkey and a sack containing several kilograms of tobacco. Tracks of a large group of persons and animals led to the Egyptian border.

Infiltrators stole five pipes valued at IL60 from Kibbutz Tzfatim last night. Police who followed the tracks recovered two of the pipes, but the marauders escaped.

## Jordan Rejects Extension Of Commanders' Pact

Jordan has rejected Maj.-Gen. E.L.M. Burns' proposal that the local commanders' arrangement between Israel and Jordan, at present in force in the Jerusalem area, be extended to the whole length of the border. This was learned yesterday by A.N.A. from "official sources" in Amman.

The Jordanian authorities are said to have seen no need for such an extension. The sources stated that Jordan has undertaken to maintain the present tranquility on its side of the border but will not permit political or high-level talks with Israel, A.N.A. said.

## GOLDSTEIN IN BELGRADE

BELGRADE, Tuesday (UP). Dr. Israel Goldstein, President of the American Jewish Congress, who will spend some time in Yugoslavia as guest of the Jewish community, arrived in Belgrade today. He will acquaint himself with the life and work of the Jewish community. Later, he will visit Jewish institutions in Turkey and Greece before leaving for Israel.

## SYRIANS IN MOSCOW

MOSCOW, Tuesday (Reuter). A Syrian parliamentary delegation led by Rafik Halaboun, Vice-President of the Chamber of Deputies, arrived in Moscow yesterday, TASS, the Soviet news agency, reported today.

# Soviet 'Supports Policy for United Germany' as Geneva Talks Near

## Nehru, Nasser Call For Disarmament

CAIRO, Tuesday. — The Indian and Egyptian Premiers issued a joint communiqué here today urging the Big Four leaders to take serious steps toward disarmament.

The communiqué, issued simultaneously in Cairo and New Delhi, warned against the use of atomic or hydrogen weapons. The two leaders expressed the hope that the forthcoming Big Four summit meeting in Geneva will result "in avoiding the great dangers which threaten the very existence of the human race."

The statement was issued shortly after Mr. Nehru had left Cairo by air for India. Mr. Nehru and Abdel Nasser held an intensive round of talks lasting seven hours until early this morning.

## Discussion on Mid-East

During their talks, they had reviewed the international situation in general and the situation in the Middle East in particular. The two leaders discussed other matters of mutual interest to the two countries. "There was general agreement in their approach to these problems," the communiqué stated.

Mr. Nehru arrived in Bombay today from Cairo after a 37-day tour of Russia and Europe.

The two leaders reiterated their conviction that involvement in military pacts or alignments with great powers "does not serve the cause of peace and indeed often has the opposite effect. The use of force can be further strengthened only by peaceful methods and not by any step which causes apprehension to another country."

## Nasser Says Israel Source Of Chaos Among Arabs

CAIRO, Tuesday (Reuter). — Premier Abdel Nasser said here today that "Israel was created to dominate this part of the world and cause a chaotic state in the Arab world." He was addressing new officers passing out of the staff college.

The Egyptian Army was a shield to protect our nation against any form of aggression.

"I wish to remind you that against Egypt, Israel has been using all the means of aggression and pressure. So we must not seriously see it that our frontiers are well guarded," he stated.

## Sharett Rebukes 'Haboker' For Hungary Jewry Slaughter Story

Mr. Moshe Sharett, in a letter sent to the Press in his personal capacity last night, categorically rejected the charge made by "Haboker," the General Zionist organ, yesterday morning, that he had for two months "concealed" the facts of the systematic destruction of Hungarian Jewry by the Nazis in 1944.

The paper, in a prominently displayed article, had claimed that Mr. Sharett had heard the details from Mr. Yael Brandt in Constantinople on May 28, but had kept them secret until the middle of July. The writer of the article stated that he had based himself on evidence given in the Greenwald-Kastner trial.

## Strike Held

Mr. Sharett pointed out in his letter that a mass strike and protest meeting was held by the Vaad Leumi on June 8, 1944, and that all the facts known at the time had been published and an appeal broadcast to the Allies to stop this slaughter. These events were fully reported in the Press on the following day. He also quotes the appeal for help published by the Vaad Leumi on this occasion, and ends with the observation "It is right that this document should be published again today in full, in order that the nation now living in a liberated Zion shall know the truth and be reminded of the happenings of those terrible days."

## Full Assembly Convened

The Vaad Leumi convened a full assembly for May 28, at which it was decided to proclaim a general strike on June 8 and to hold a protest meeting in Jerusalem on that day. This programme was carried out, and the meeting was held in the presence of all members of the Jewish Agency Executive and the Vaad Leumi, the Mayors and heads of local councils and representatives of public organizations. The meeting received very wide publicity in the Press and radio.

Two public meetings were also held in Jerusalem, two more in Tel Aviv (one of them attended by Mayor Rokach of Tel Aviv), two in Haifa and other cities, and in American cities. The day was proclaimed as a day of mourning.

## FOR REST AND RECREATION

**Megiddo Hotel**  
MT. CARMEL

Full board IL12 and up plus taxes.  
Tel. 91414, 91415, 91416, Haifa.

## Ike Pledges Data to Party Chiefs

WASHINGTON, Tuesday (UP). — President Eisenhower promised Republican and Democratic Party leaders of Congress today that he will make "frequent progress reports" on the Big Four summit conference at Geneva next week. They will be in the form of private cables to the leaders.

The White House announced that the President also told a group of 25 legislative leaders at a White House conference that he will give details of the accomplishments of the Big Four summit meeting.

The lawmakers conferred with Mr. Eisenhower and Secretary of State John Foster Dulles for nearly two hours on plans for the momentous conference opening in Geneva on Monday.

The leaders reported general unanimity of views at the meeting. House Republican leader Joseph W. Martin, Jr., said that everyone was "hopeful that good will come out of the conference."

President Eisenhower said later today that he is going to the Big Four conference in the hope of bringing the world "closer to peace" and making it possible for people everywhere to live "more tranquilly."

## Ho: Vietminh Want Ties With All Nations

LONDON, Tuesday (UP). — The American-backed Government of Premier Ngo Dinh Diem in South Vietnam was today reported ready to agree to meet with the leaders of North Vietnam next week to arrange the All-Vietnam elections for 1956.

The disclosure, cabled from New Delhi, allayed fears that failure of the Saigon Government to arrange the elections promised under the Indo-China truce agreement might complicate the forthcoming Geneva negotiations.

The report came shortly after President Ho Chi Minh of North Vietnam had arrived in Moscow. The trip coincided with two developments that have caused anxiety among British official circles. They were: the outbreak of fighting in Laos, and the July 20 deadline by which the South Vietnamese Premier is supposed to enter discussions with the Vietminh on holding the elections.

The British press has been openly speculating on the Western "embarrassment" in Geneva should Premier Diem refuse to accept the time-limit. Britain, unlike the U.S., is a signatory to the Indo-China armistice, and British diplomats here expect that the elections would attempt to make major capital during the Geneva parley if Premier Diem fails to turn up for election talks.

## Adenauer Moscow Visit Seen in September

BONN, Tuesday (UP). — A trip to Moscow by Chancellor Konrad Adenauer in September "now seems virtually certain," Government sources said today. They revealed that secret talks between the West German and Soviet Embassies in Paris in February the trip have made "good progress."

These sources stated that the issues on which the Chancellor wanted guarantees by the Soviet Union were largely ironed out, clearing the way for his trip. Chancellor Adenauer is known to want Soviet promises to announce during his stay in Moscow the release of thousands of German war prisoners; and no recognition by Bonn of the East German regime.

## Both Sides Censured For June Exchange

Israel and Egypt were both censured yesterday by an emergency Mixed Armistice Commission for an exchange of fire which occurred on June 8 in the area of Kilometer 98, along the Gaza Strip.

The Chairman voted for the resolutions submitted by both delegations.

The incident involved an Israeli patrol in Israeli territory and a permanent Egyptian military position in Egyptian-controlled territory.

Egypt was called upon "to terminate immediately all such acts of aggression."

The Commission called on Israel "to stop immediately all such acts of aggression and to issue orders to withdraw the prohibited weapons (half-tracks and 120 mm. mortars) from the prohibited area."

## Sofia Protests Turkey Border Incidents

LONDON, Tuesday (UP). — Bulgaria has sent a note to Turkey protesting against two border incidents in which a Bulgarian border guard was killed, Sofia Radio reported today.

The report said that the incidents occurred on July 6 near the Silivovo village of Malko Turnovo, on the banks of the Rastava River.

The first attack took place at 2.30 p.m., when two Turkish soldiers fired on a Bulgarian border patrol from 200 metres inside Turkish territory. The second attack occurred at 6 p.m., when three Turkish soldiers opened fire with rifles and sub-machine guns against two border guards. One of them was wounded in the chest and subsequently died, the broadcast said. "These actions are clearly directed against the goodwill between Bulgaria and Turkey and peace in the Balkans," the Radio concluded.

**UNION BANK OF ISRAEL LTD.**

### Social & Personal

The President received Professor and Mrs. Mack Whitman, of New York, on Monday.

The Prime Minister yesterday received Mr. Menachem Begin, a Member of the Indian Parliament.

Dr. S. Blum, Director-General of the Ministry of Health, has been appointed an adviser on public health to the World Health Organization for five years.

Mr. Abraham Harman, Israel Consul-General in New York, yesterday returned home with his family in the S.A. Arcton on completion of his tour of duty.

The Hebrew University yesterday gave a farewell luncheon at the President Hotel, Jerusalem, for the Director of the Hild Foundation at the University and Mrs. Maurice Pekar. The President of the University, Professor B. Maier, expressed profound appreciation for the achievements of the guests of honor in establishing the student center.

The nine Israel scouts on their way to the World Scout jamboree in Canada, have been received by the Mayor of Boston and the Governor of Massachusetts.

The 38 members of Hadassah's "Summer Tour," led by Mrs. Arthur H. Ellis, visited the Hebrew University yesterday.

Mr. Abraham Cassel, Rabbi of Torah Temple and Director of "Oxford School," Miami Beach, Florida, and Mrs. Cassel, are in Jerusalem in the course of an extended visit to Israel.

A meeting of the Association of Foreign Capital Investors will be held at 3:30 p.m. today at the Industrial Club, 13 Rehov Montefiore, Tel Aviv, in the presence of Members of Knesset and former Cabinet Ministers, Dr. F. Bernstein and Mr. I. Sapir.

Mr. E. Mosler will speak on his trip to Burma at the Hako Rotary Club today.

### ISRAEL HOSTEL OPENS IN PARIS

Israel teachers and students who visit Paris this summer will be able to lodge at the Jewish Students House, the Ministry of Education and Culture spokesman announced.

The building, which was constructed with the help of the Joint Distribution Committee and the Rothschild family, has accommodation for 80 persons and is provided with dining hall and reading rooms.

### 'Statue of Freedom' For Israel from U.S.

NEW YORK, Tuesday (UPI).—A New York City Councilman stated today that he has been made Chairman of a committee to raise funds for a "statue of freedom" for the State of Israel. The Councilman, Dr. Philip J. Schupler, said that the statue would be given to the people of Israel by the people of the U.S. much the same as the Statue of Liberty was given to the U.S. by the people of France.

### ISRAEL STUDENT'S NEWARK DEGREE

NEWARK, New Jersey (Delayed).—Michael E. Bash of Rehov HaShalom, Jerusalem, graduated from Newark College of Engineering on June 8 with a Bachelor of Science Degree in Electrical Engineering. Michael is the first from Israel to receive a degree from NCE, the tenth largest engineering college in the United States.

Michael's father, Mr. Meir Bash, a leading importer of building materials, attended the graduation and presented President Robert W. Van Houten with an oil painting by Rafael depicting the Holy City of Jerusalem. The painting is now hanging in the college's Eberhardt Hall.

### U Nu to California

PASADENA, Calif., Tuesday (UPI).—Premier U Nu, of Burma, said today that he had made "the mistake of talking too much" when he said "responsible people" in Washington were not opposed to sending China in to the United Nations.

The Premier said upon his arrival in Southern California yesterday that he does not wish to become embroiled in controversial issues.

U Nu arrived in an Air Force plane at nearby Burbank's Lockheed air terminal from Grand Canyon, Arizona, for a three-day visit as guest of the California Institute of Technology.

### Hoyt Dies After Crash

OKLAHOMA CITY, Tuesday (UPI).—Jerry Hoyt, 28-year-old automobile racing driver, died yesterday of brain injuries suffered on Sunday when his race truck crashed in the second lap of a Mid-West big car national championship. Hoyt suffered head and arm injuries when his Chevrolet hit the outside fence and flipped across the railing.

### Far-Sighted Industrialist

Israel Shiff, President of the Zionist Federation of Great Britain and Northern Ireland, and one of England's most prominent industrialists, is just ending one more lightning visit to this country, this time in connection with the Federation of British Industries.

A tall, imposing figure in his middle sixties, Israel Shiff has been one of the prominent builders of the English Zionist movement. His family and that of his wife, the late Dr. Chaim Weizmann, have been in Manchester as a humble demonstrator in Chemistry at the local university. The close association which began then, lasted throughout the late President's career in leading the Jewish people towards Statehood.

In 1919 Israel Shiff was a member of the Zionist Commission to Palestine and acted as its secretary. He was one of the founders of the Hild Foundation, which began in 1920 and helped build up its activities in Britain until it grew from a body which aided its income to the Hild Foundation to the status of the Joint Palestine Appeal which today reckons its income in millions of pounds sterling.

All this time, together with his brother in law, Sir Simon Marks, he was building up the firm of Marks and Spencer, one of the greatest chains of food, clothing and retail stores in Great Britain. The increase in the family's wealth only meant an increase in the principle of munificence of all its branches. They led the list of contributors to the Israel Appeal year after year and the total of their contributions to date exceeds six figures.

But in addition to the personal gifts of "The Family," the Marks and Shiff combination came to be affectionately known in British Zionist circles, the firms supplying the great Marks and Spencer chain were also organized to help Israel.

The same quality of enlightened social and economic vision which informed their monumental labors for Israel, also led to the building of the industrial empire of the Shiff and Marks families. Indeed they are credited with having helped on a social revolution in Britain. Today, thanks to Marks and Spencer and their distinctive nationwide chain of stores, there is not a wage-earning working woman in the land who cannot dress in clothes and accessories of lasting quality with the elegance and taste of the wealthy, at a price well within her income range. What this has meant in helping to establish that sense of democracy and equality which paved the way for the English Welfare State, is difficult to over-estimate. But the revolution effected by Israel Shiff and his family was

### Office Requirements

Jerusalem Post Reporter  
"Hill 24 Doesn't Answer" which has been playing to full houses at the "Trial Run" Cinema in Paris for the past three weeks, has been enthusiastically received by the French press in long reviews, often accompanied by stills from the film.

"France Sol" reviewed it on the front page alongside a picture of Haya Harari, the female lead, a spokesman of Hill-Or, the makers of the film, stated in Tel Aviv.

So successful has been this first commercial showing of the Israeli-made picture in Europe, that it may be dubbed in French for general release in France, he added.

The picture, which has been accepted by the selection committee of the Edinburgh Festival for exhibition there next month, will begin its American run in New York early in November.

It was recently shown in Mexico and is going to Cuba, while contracts have been signed for its distribution in Holland and Sweden.

Mrs. Rebecca Shiff, President of Hill-Or, is leaving for England shortly and will assist in the negotiations for the distribution of "Hill 24" in Britain. She hopes to attend the showing of the film in Edinburgh.

### W. GERMANY RETAINS HANDBALL TITLE

DORTMUND, Tuesday (Reuter).—West Germany beat Switzerland this week to retain the handball world championship title. About 45,000 spectators, the largest crowd ever to attend a handball game in West Germany, saw the match which was played in bright sunshine and warm weather.

### Where to go

Jerusalem

Your Lunch and Dinner at Hama's Restaurant, Jerusalem. Tel. 412. Excellent food and service. (Gilded establishment in Israel). Dishes will be served on the terrace.

Exhibitions: "Conquest of the Desert" permanent exhibition of the International Museum of the Desert, 10-11, 12-13, 14-15, 16-17, 18-19, 20-21, 22-23, 24-25, 26-27, 28-29, 30-31, 32-33, 34-35, 36-37, ## CALL FOR SPYING PROBE

"DAVAR" (Histadrut) has suggested that all election posters carry vowel signs, so that

Mr. Y. Ben-Aharon, M.K., that they had revealed military secrets in foreshadowing the for-

The man in the seat, having acquainted himself adequately with the Hebrew alphabet after a cursory glance at any handwriting, could proceed to learn the language from them.

"Ha'arets," (non-party) advocates a more serious approach to election issues. Yesterday it noted that Mr. Aranne's very without a criminal record proves that there is some ground for the recent charges of a government apparatus spying on citizens for party purposes. It suggests that the party purposes be suggested by a Supreme Court Judge

...ship of two Ministers and  
...Members (one of  
...who should be  
...position party) investigate  
...intelligence services and publish  
...findings in the domestic se-  
...field. Government super-  
...vision over these  
...services appears to have been  
...weak and ineffective, and must  
...be exerted by a ministerial com-  
...mittee composed of members of  
...more than one party.

"Al Hamishmar" (Mapam) has  
...out from a correspondent  
...that it was Mr. Ben-Gurion who  
...called up Mr. Bernstein and  
...asked him to obtain from pub-  
...lishing the details of the Mapai  
...spying apparatus" for the sake  
...of the cooperation between the  
...two parties after the elections.  
...in its editorial, the paper claims  
...that Mapam is not opposed to  
...participating in a coalition with  
...Mapai, provided its oppressive  
...economic policy and its search  
...for pacts with the U.S. are  
...of Israel independence are  
...abandoned.

...ctors' strike comes in for its  
...daily share of attention, with  
..."Davar" blaming the General  
...Zionists for having their fingers  
...in it and "Hakol" (Jerusalem  
...Ageda) stressing that such  
...well-educated segment of the  
...population as the doctors can-  
...not be accused of representing  
...one narrow party interest

**Greenwald Case**

"Haboker" (General Zionist) gain comments on the Government's appeal of the Greenwald decision, which was lodged a few hours after the verdict though the law demands that the judgment must first be examined thoroughly. Further, since the facts of a case can only be reviewed by a court of lower instance, the Attorney-General would not have appealed to the High Court, which can only decide on points of law and procedure.

"Davar" defends the Prime Minister and the Minister of Defense against a charge by

## THE SURGE OF

# ATOMIC POWER

The top-level Conference opening at Geneva on July 16 will be followed by another which may prove to be more important to the development of the world. This is the Conference on the Peaceful Uses of Atomic Energy, which by an unanimous vote of the United Nations is to be held at Geneva from August 8 to August 30.

In order to give the general reader the background which will help him to follow this Conference, Dr. J. Bronowski is contributing two special articles to the *Jerusalem Post* (through OFNS) in the next fortnight.

These articles will discuss the scientific and the economic circumstances which have made atomic energy the major force in world relations within ten years of its first destructive use. They will analyse the place of industrial atomic energy, particularly in the economy of rising nations in the Southern Hemisphere, and discuss the distribution of atomic resources between the East and the West. All this implies a profound change in the industrial balance in the next 20 years, on which Dr. Bronowski analyses the possibilities.

Dr. Bronowski is one of the leading British writers on scientific affairs. At present director of the National Council Board's Central Research Establishment, he is primarily a mathematician, but he has always been recognized for a wide range of his scientific interests. During the last war he Sir Reginald Stradling's team at the Ministry of Home Security, set up to study and predict the physical and economic effects of bombing. He was a member of the Joint Target Group in Washington and of the Chief of Staff Mission which went to Japan to report on the effects of the atomic bombs on Hiroshima and Nagasaki.

which was announced in agreement with the Central Contest Committee of the Union of Engineers and Architects in Israel:

After studying and carefully considering the plans submitted for the competition, the panel of judges concluded that none of the plans were entitled to the First Prize.

After evaluating the plans, 5 were found to be above the standard of the other entries. These plans were submitted by the following architects:

Zliva Armoni and Hanan Hav-Ron  
(Technical Department of the Kibbutz Hameuhad)  
A. Yasky and S. Povner,  
S. and M. Nadler,  
with the participation of A. Alexandroni  
Y. Reichler and M. Zarchi

These architects are invited to participate in an additional limited competition.

The plans of the following architects have been purchased:

Y. Boneh and Y. Nisani

**M. Tor and N. Noy**

**PANEL OF JUDGES**  
**Architects: D. Carmi**  
**D. Brotkan**  
**S. Miatkain**  
**R. Kaufman**

**UNIVERSITY REPRESENTATIVES: Dr. K. Vorman**  
**S. Gur.**

An exhibition of the plans will be held at Beit Hamachan-  
es, 300 Disengoff Road, Tel Aviv, Third floor, on July 15-20,  
during office hours (including Friday afternoon and all day  
Saturday).

On Tuesday a group tour of the exhibition will be con-  
ducted with explanations by the panel of judges.
